MARTIAL LAW IS NEXT

BELGIAN GOVERNMENT WILL PROCLAIM IT IF ORDER IS NOT RESTORED.

DEPUTIES ARE DISORDERLY

Sitting of the Chamber Characterized By Violent Scenes—Members Engage in Fights and the President Is Insulted—Disturbances in Brussels and Other Towns Continue and Many Casualties Result.

Brussels, April 12.—The Belgian government has decided to proclaim martial law Monday, unless order is previously restored.

The sitting of the chamber of deputies during the day was characterized by violent scenes. The premier, Count de Naeyer, referring to the recent deplorable events, said:

"The appeal of the Socialists to the population proves that it is their avowed plan to continue the struggle, even after parliament has pronounced on the revision bill. Their aim is the dethronement of power and the triumph of revolution. The government is resolved that the debate on the revision bill shall occur, in spite of the assertions of the Moniteur Socialists to the contrary."

At this point in the premier's speech violent altercations, which nearly led to blows, arose between the deputies of the opposing parties. Liberals and Socialists engaged in a sharp discussion concerning the agreement concluded between them for the defense of universal suffrage, and M. Demblen, a Socialist, shouted: "We are betrayed."

At the closing of the sitting Socialist deputies, shouting "Jesuit thief," stormed the president's tribune. Ushers were then summoned to preserve order and a violent scene ensued, in which blows were freely exchanged.

After the chamber was closed members of the Left party and Socialists proceeded to the Maison du Peuple with the intention of persuading the people to cease their demonstrations until next week. The Maison was surrounded by the civic guard, but a meeting was permitted to be held inside. M. Van der Velder and other speakers at the meeting advocated that the people remain calm and have recourse to a general strike next week if the government used force. As the persons who attended the meeting were dispersing, and in spite of the precaution of permitting only a few of them to leave at one time, conflicts with the police occurred. Mounted gendarmes cleared the streets and many of the demonstrators.

Fired Their Revolvers.

During the evening there were several other outbreaks in the city. The police charged the rioters and about 25 persons were wounded. Many others were arrested. All those arrested were armed with revolvers.

Demonstrations and encounters also occurred at Liege, Ghent and elsewhere, the most serious being at Houdeng-Gozgnies, in the coal district. During the collision between the police and strikers at that place the latter used brickbats and firearms. The police fired upon the rioters, killing a coal miner and a young girl. Fifteen persons were wounded, including two policemen. Mounted infantry finally dispersed the mob.

Troops are being moved to the various provincial points where there are disorders.

General business in the city has been practically undisturbed by the disorders, which are almost wholly confined to the district around the Maison du Peuple. Elsewhere the streets and boulevards have their customary appearance. People are on the streets and the cafes and restaurants are busy. So far as Brussels is concerned it is felt that the authorities are quite masters of the situation. But should a general strike be declared and be generally followed, which is considered doubtful, a dangerous situation might arise, as troops would be needed everywhere and could not be massed at any particular point.

It transpires that at a cabinet council, at which King Leopold presided, it was decided that discussion of the suffrage question should be fixed for next Wednesday. The king appeared to favor a conciliatory attitude, but the government will oppose the introduction of universal suffrage.

FEAR MANY ARE KILLED.

Natives in French Congo Burn and Pillage Factories.

Paris, April 12.—The minister of the colonies, M. Decrais, has received a dispatch confirming the report of a revolt of natives in the Sangha district of the French Congo. A body of natives attacked the French company's factory on the river Sangha, murdered the manager and also burned and pillaged another factory. The local militia defeated the rebels. Reinforcements of Bengalese troops were dispatched to the scene of the trouble.

According to advices received by The Journal, the natives employed at the French factory were also massacred and goods valued at 150,000 francs were pillaged.

This report states that the rebels, who are cannibals, marched later on to attack other factories and it is feared that many persons have been killed.

CONFESSES THE MURDER.

Professor Miller of Detroit Admits That He Killed Miss Jennett.

Detroit, Mich., April 12.—After 24 hours spent in the Grand River avenue police station, Professor Joseph M. Miller broke down and confessed that he murdered Miss Carrie M. Jennett, one of his former pupils, last Wednesday night with the small hatchet which was found in his kitchen with blood stains upon it. A warrant was issued for him in the police court and he was arraigned there at 4 o'clock. He waived an examination and was committed to jail without bail. He will be brought into the recorder's court and asked to plead guilty. If he does so the self-confessed murderer will be on his way to the Jackson penitentiary by Saturday noon to spend the rest of his life.

His confession is an awful story of impending disgrace and finally murder as a means of averting it. He admitted that there had been illicit relations between Miss Jennett and himself for the past two years and said it was the result of these relations that led him to kill her. The girl was in a delicate condition. She refused to go to a lying-in hospital, as he wished her to, and demanded that he abandon his family and leave the city with her. Wednesday night they met to discuss her trouble and decide on some action. Miller says that Wednesday afternoon he decided to kill her if she refused to do as he wished, and he therefore carried a small hatchet with him to their rendezvous. They met and walked out Thirteenth street, talking it over, and finally sat down on the sidewalk.

Miss Jennett renewed her demands that Miller leave the city with her. He says he told her it was impossible, but she still insisted. "By that time I was pretty near crazy," he said. "The impulse seized me and while she was still talking I reached into my overcoat pocket, drew out the hatchet and struck her."

After the murder he walked to his home by the most direct route. He was arrested there the following morning.

PALMA AFTER POINTERS.

Seeks Aid in Devising Machinery of the New Cuban Government.

Washington, April 12.—President Tomas Estrada Palma and Senor Gonzalez de Quesada, the latter of whom has been mentioned as Cuban minister to Washington, were at the state department during the day to pay their respects to Dr. Hill, the assistant secretary. They are seeking the aid of the department in the formidable task of devising the machinery for the new Cuban department of state, which is to be cast on lines similar to our own, and Mr. Hill and officers of other departments will aid the embryo government as far as possible in perfecting its organization.

President Palma expects to sail for Cuba from some Southern port, probably Norfolk or Savannah, timing his departure so as to arrive at Havana about May 10. He had a long talk with Secretary Root concerning matters connected with the new Cuban government. Mr. Root and his family will leave here next Thursday to visit Governor General Wood at Havana for 10 days.

WADE HAMPTON DEAD.

South Carolina's Former Governor Succumbs to Heart Disease.

Columbia, S. C., April 12.—General Wade Hampton, former United States senator and former governor of South Carolina, died during the morning from valvular disease of the heart, having been unconscious for several hours.

The general had just passed his 84th birthday. Twice this winter he had sustained attacks that had greatly weakened him, but he rallied wonderfully.

Governor McSweeney has issued a proclamation formally announcing the death of General Hampton and requesting that all flags be placed at half mast.

NO BATTLE OCCURRED.

Report of the Fight With Outlaws in Virginia Is Denied.

Bristol, Tenn., April 12.—The reported battle in Scott county, Va., between Jim Wright, wanted in Hancock county, Tenn., upon the charge of murder, and his associates and a sheriff's posse, in which five officers were killed and two wounded, is authoritatively denied. A telephone message from Churchill, near where the battle is said to have occurred, states that no such fight took place, although there had been a rumor to that effect. A posse is searching for Wright, but it seems that he has not been located yet.

PRESBYTERIAN REVISION.

Seven Articles of the Statement of Doctrine Have Been Completed.

Washington, April 12.—The Presbyterian committee on the revision of the creed has completed the article on "The Grace of God," which is to form a part of the brief statement of doctrine to be prepared for the action of the general assembly. Seven of the articles of this statement now have been completed, namely: Those relating to God, the divine purpose, the creation, the revelation, election, sin, and the grace of God, leaving about 10 unprepared.

Senators From That Section of the Country Defend Their Suffrage Regulations—Claim That the Man From New York Is Not Informed on the Question—Teller Supports Exclusion Bill.

Washington, April 12.—Some remarks which Mr. Depew of New York had made concerning the proposed amendment to the Constitution providing for the election of senators by popular vote, in the course of which he adverted to Southern election methods, precipitated a lively 3-hour debate in the senate. Mr. Money of Mississippi, to whose state reference had been made by the New York senator, replied tartly to some of the statements of Mr. Depew and defended the suffrage clauses in the Mississippi constitution.

Mr. Depew made a warm reply and attacked the election methods not only of Mississippi but of several other Southern states. He intimated that if fair methods were employed in those states Republican senators would be here as their representatives.

His remarks drew a sharp fire from several senators. Mr. Money and his colleague, Mr. McLaurin, explained Mississippi election methods, and Mr. Simmons of North Carolina pointed out that Mr. Depew had been entirely mistaken about the operation of the constitution of that state and that his statements were erroneous. Mr. Blackburn of Kentucky warmly arraigned the New York senator for his comments on Kentucky elections, defended what is known as the Goebel election law and asserted that the New York senator was not informed as to the facts of Kentucky politics.

When the Chinese exclusion bill was taken up an agreement was reached that a vote should be taken on it next Tuesday at 10 o'clock. Mr. Teller of Colorado supported the measure in a brief speech, maintaining that it was necessary and that it was not in contravention with our treaty obligations with China.

LEADERS ARE HOPEFUL.

Think They Can Defeat the Attempt to Overrule the Chair.

Washington, April 12.—Debate on the Cuban reciprocity bill continued in the house, the principal speeches being made by Mr. Long (Kan.), a member of the ways and means committee, who from the first ardently supported the proposition for reciprocity and who originally favored a reduction of 40 per cent, and by Mr. Shafroth (Colo.), who vigorously opposed the bill on the ground that the sugar trust, which, he said, was waging a war of extermination against the beet sugar industry, would be its chief beneficiary.

The leaders of the house, who have been much worried as to the outcome of the controversy, were considerably relieved when Mr. Watson (Ind.), who is acting as the Republican whip on this occasion, informed them that after a careful canvass he was positive that when the attempt was made to overrule the chair in order to make way for an amendment to abolish the differential on refined sugar the chair would be sustained.

ON BOTH SIDES it is conceded that the uncertainty regarding the fate of the bill hinges upon the question of overruling the chair. Despite Mr. Watson's canvass there are those among the opponents of the bill who still contend that they will win the victory.

A BILL OF RIGHTS.

Amendment to the Porto Rican Civil Government Act.

Washington, April 12.—In order to perfect the act for the civil government of Porto Rico, which he believes to be defective owing to the developments in the Iglesias case, in Porto Rico, Representative Cooper of Wisconsin, chairman of the house committee on insular affairs, has introduced a bill of rights for that island. The bill provides that no law shall be passed abridging the freedom of speech or of the press, or of the people to assemble peaceably and petition the government for a redress of grievances. The remainder of the bill is taken from the Constitution of the United States. The constitutional provisions as to the right of habeas corpus, ex post facto laws, the issuing of search warrants, titles of nobility, excessive bail, slavery and the establishment of religion, are extended to Porto Rico by this bill.

ASK TO BE RETIRED.

Newly Appointed Brigadier Generals Would Quit Active Service.

Washington, April 12.—Generals de Russy, Burt and Sheridan, who Thursday were confirmed as brigadier generals, have applied for retirement and will be retired in a few days. Colonel Mott Hooton of the Twenty-eighth infantry, who will retire for age on the 16th inst., and other veterans of the Civil war nearing the age of retirement will be advanced to the grade of brigadier generals before their retirement if it can be done without impairing the efficiency of the service. Probably included in this list are Colonels Snyder, Hood, McKibbin, Lincoln and others.

Twenty Per Cent Not Enough.

Washington, April 12.—The senate received through President Pro Tem. Frye a cablegram from the Cigar and Cigarette Manufacturers' association of Havana urging the necessity for a greater reduction of the duty on cigars and cigarettes than the 20 per cent proposed by the house reciprocity bill.

A Year for Child Stealing.

Columbus, O., April 12.—Mrs. Frances L. Taylor, Sr., aged 78 years, and her daughter, Miss Frances L. Taylor, Jr., arrived here from Cincinnati to serve a 1-year term in the penitentiary on the charge of child stealing. They were convicted on the evidence furnished by a son and brother of the two women. Governor Nash has granted them a respite for 60 days on condition that they remain in Franklin county.

Want Stock Yards Boycotted.

Kansas City, April 12.—Because of an objectionable yarding rule put into effect here the Kansas City Live Stock Exchange at a specially held meeting decided to boycott the Kansas City stock yards and adopted resolutions requesting shippers to send their cattle, hogs and sheep to other markets until the differences are adjusted. The rule to which the commission men object provides for the locking of cattle pens and allows stock to be taken out only under written orders.

Riis Does Not Want the Job.

Springfield, Mass., April 12.—Jacob Riis of New York, in an interview in this city, said he would decline the position of governor of the Danish West Indies unless President Roosevelt strongly insists upon his acceptance. He says a newspaper man should not go into politics or hold public office.

A Year for Child Stealing.

Columbus, O., April 12.—Mrs. Frances L. Taylor, Sr., aged 78 years, and her daughter, Miss Frances L. Taylor, Jr., arrived here from Cincinnati to serve a 1-year term in the penitentiary on the charge of child stealing. They were convicted on the evidence furnished by a son and brother of the two women. Governor Nash has granted them a respite for 60 days on condition that they remain in Franklin county.

Want Stock Yards Boycotted.

Kansas City, April 12.—Because of an objectionable yarding rule put into effect here the Kansas City Live Stock Exchange at a specially held meeting decided to boycott the Kansas City stock yards and adopted resolutions requesting shippers to send their cattle, hogs and sheep to other markets until the differences are adjusted. The rule to which the commission men object provides for the locking of cattle pens and allows stock to be taken out only under written orders.

Riis Does Not Want the Job.

Springfield, Mass., April 12.—Jacob Riis of New York, in an interview in this city, said he would decline the position of governor of the Danish West Indies unless President Roosevelt strongly insists upon his acceptance. He says a newspaper man should not go into politics or hold public office.

SATURDAY, APRIL 12, 1902.

Weather.

Fair tonight and Sunday.

CLEAN up your premises, don't wait for a notice from the health officer.

AN effort should be made to pave Front street this season. It would add much to the appearance of the city.

BOEN, of the Fergus Globe, must be down on himself when he says "we are a great people and yet stingy and stinking mean."

THERE will be no contest at St. Cloud over the recent election there for mayor. "Old" Boyd, the present incumbent, says he's been scooped by a gentleman and is willing to let it go at that.

THE fifty-third legislative district appears to be lining up for a battle royal this fall. Senator Jones has announced his intention of entering the field for a renomination which seems to seriously embarrass the fellows who had made a new slate.

IF Crow Wing county is to have a county fair this year it is time that some action was taken in the matter. Nothing tends to making it a success as much as an early start in getting the premium lists and details before the public that their arrangements may be made accordingly.

THE Cass Lake Times strenuously denies having forsaken the people's party for the democratic faith, claiming that both these parties are dead without a possibility of resurrection and rather than be a republican Bro. Ives says he's independent from this time on, and any politician who gets a notice in his paper without first producing the coin will have to show him.

IT is announced that a movement is on foot by the banks of the United States to organize a national money order concern, which is designed to take this business from the government and express companies. Under the proposed system money orders can be bought at any bank and will be cashed at any bank and they will be sold at rates much cheaper than charged by the express companies and the government.

COMBINE OF LIQUOR MEN.

Gives Political Support Only to Those Friendly to Their Interests.

Lexington, Ky., April 12.—In an interview Leonard B. Shouse, president of the Kentucky Liquor Dealers' association, admitted that the combine of liquor men now in progress was of a political nature. He further said that the organization was on the order of a secret society.

"We will not allow past political affiliations to govern us. We will support only men who are friendly to our interests," he said. "We have borne the burden long enough and we propose to strike back."

"Politics seem to have drifted to business interests. Other industries have organized for protection and we are doing the same. Distillers, wholesale dealers and brewers are with us. We will control more than 3,000,000 votes. We have petitioned congress for a reduction of the whisky tax from \$1.10 to 70 cents per gallon and expect to get it. If reduced the inducement to manufacture whisky illicitly would decrease and the government would enjoy a greater revenue from this industry than under existing conditions. We hold the balance of power and we will win."

RURAL FREE DELIVERY.

Restrictions Regarding Letter Boxes to Be Removed.

Washington, April 12.—The commission of postal experts which has been investigating the question of letter boxes on rural free delivery routes has submitted its report to the postmaster general.

The committee recommends that after July 1 the public in all rural free delivery districts throughout the United States be allowed to use any box whatever, subject only to simple requirements regarding a standard of size, shape and materials. The only boxes now permitted by the government are those issued by 14 manufacturing establishments approved by the department.

**Morris Bill Relating to Chippewa
Reservation Reviewed at

INDIANS TAKEN CARE OF.**

**Measure Provides for a Careful
Survey and Examination of
the Lands.**

In taking up the Morris bill in congress which has to do with the opening of the Chippewa reservation, which means much to this part of the state, Representative Curtis, for the information of those who are not acquainted with this bill has outlined the following statement:

"The bill reported by the committee is intended to amend sections 4 and 5 of the act of 1889, commonly known as the Nelson act, which are the sections providing for the disposition of the pine lands. It may be safely said that no act has been so troublesome to the government as has the law to dispose of the timber lands of the Chippewa Indians of Minnesota. The department has done all it could to protect the interests of the Indians and of the government, but has been unable to do so except by withdrawing the timber from the markets. The plan of sale provided in the original act was far from satisfactory. Great frauds were committed. Upon investigation it was found that many tracts of pine contained more than twice the amount reported in the estimates. The valuable timber on this reservation has been disappearing, and the government has been expending large sums of money for salaries and to the Indians, and but a small amount has been received from the sale of timber.

"There are 4,747,931 acres of land in the Chippewa reservations in Minnesota. There were nearly 3,000,000 acres of land ceded. Of this amount about 2,000,000 acres have been classified, leaving about 1,000,000 acres yet to be examined and classified. There have been 160,000 acres of timber land sold and 500,000 acres of agricultural land homesteaded.

"The commissioners who were sent out to treat with the Chippewas reported that the pine ceded was estimated by the various parties at from \$25,000,000 to \$50,000,000 but the department has received from the sale of said timber and lands only \$1,040,440.49, while it has paid out and advanced over \$2,800,000. The secretary of the interior, the members of the Minnesota delegation in congress and the members of the Chippewa tribe of Indians ask that the act of Jan. 14, 1829, be amended.

"This bill amends sections 4 and 5 of the act of Jan. 14, 1889, and your committee believes that this measure will enable the secretary of the interior to dispose of the pine lands at something near their true value; that the Indians will derive a vast sum from the sales, and that great good will result from the change in the manner of selling the timber. In addition to protecting the interest of the Indians in the sale of the pine lands, provision is made for the preservation of enough pine lands to prevent the absolute destruction of the pine forests and also in part to protect the headwaters of the Mississippi river.

"The allotments made to the members of the tribes are fully protected and purchasers of timber are not permitted to interfere with allotments which may have been or may hereafter be made. The provisions made for the sealing, stamping and bark marking of logs are so complete that any log purchased can be completely traced. The bill provides for the completion of the allotments to the members of the tribes, and directs that the surplus lands be opened to settlement as soon as practicable after the passage of this act.

"Your committee knows that the legislation which will enable the secretary of the interior to protect the interest of the Chippewa Indians of Minnesota is greatly needed. The timber upon the reservation is very valuable and, if properly sold, will bring the tribes many millions of dollars. Great wrongs have been perpetrated against these Indians, their pine lands have been undervalued, and the secretary of the interior has been powerless to protect them. This bill is not perfect; it does not contain all the provisions your committee would like, but, under all the circumstances, we believe it is the best measure that could be agreed upon at the time."

Morning.**

This morning the case of the State against Fred Pratt charged with the larceny of some money from E. F. Atwood, came up before Judge Blewitt. Judge Fleming appeared for the state and Alderman & Mantor defended Pratt.

The case was dismissed by the court on the ground that the charge made was not correct from a statutory point of view. The charge was larceny and it was maintained that when Mr. Atwood gave the check to Pratt to go out and have cashed and then Pratt's having taken the money, was a breach of trust and the charge should therefore have been embezzlement.

**Hearing Set Before Clerk of Court

McINTOSH'S ENTRY CANCELLED.

**Two Other Men Then Try to Get
Possession of the Land
In Question.**

There was an important hearing in a land contest before Clerk of Court W. A. M. Johnston yesterday afternoon, the same having been set to determine the rights of various parties interested in a tract of land in Cass county described as follows: S₁, SW₁ and SW₁ of SE₁, Sec. 32, Tp. 137, R. 31.

It seems that Hugh McIntosh made homestead entry on the above land on May 1, 1896, but by letter of March 19, 1901, the commissioner of the general land office suspended the entry upon the report of Special Agent A. D. Thorpe for the government and thereafter such proceedings were had pursuant to the said letter of suspension and said entry was duly cancelled on November 27, 1901 by the commissioner of the general land office.

On May 17, 1901, and while proceedings pursuant to such suspension were pending, Daniel F. McIntosh made homestead application for the land and tendered therefore a relinquishment in proper form from the former owner, Hugh McIntosh.

At the request of Special Agent Thorpe the action on the application and relinquishment was suspended, pending the termination of the proceedings instituted by the government.

On December 11, 1901, after the cancellation of the entry of Hugh McIntosh, but before such cancellation had been entered upon the records of the land office in this city, George

Ferrell made a homestead application for the land, alleging he had been living on the land since November 26, 1901.

On December 30, 1901, C. L. Jensen applied to the government to know whether the entry had been cancelled and whether he could make application for the land.

Thus the hearing was set yesterday to determine the rights of these various parties interested in the land. The McIntosh interests were represented by Judge W. A. Fleming and Mr. Ferrell was represented at the hearing by Judge Alderman. The testimony in the matter has been sent to the land office at St. Cloud.

Hugh McIntosh made considerable improvement on the property, but when he relinquished his claim to the land to his brother, Dan McIntosh, this improvement was figured in with the land.

MC EWEN THE GREAT.

The Great McEwen, one of the best known demonstrators of the science of psychology in the country, is to open an engagement at the Brainerd Opera House next Monday for five nights and will give to the people of this city enlightenment upon the much abused subject of hypnotism. The entertainments given by Mr. McEwen are not only laughable in the extreme, but interesting and instructive, as his short talks each evening upon the science in which he has made the most diligent researches, combined with the explanation of the phenomena during each demonstration, gives the audience a clear insight into the workings of these natural laws with which he operates, throwing aside all fiction and the erroneous but common belief of hypnotism "being a power of mind over mind" the "strongest will controlling the weaker," etc., and convincing the most skeptical that hypnotism is not only a possibility, but a means of great good to mankind, if but properly understood and applied. One of the features of his entertainments each evening is the tests accomplished with Newton Smith demonstrating the possibilities of suggestion in producing the trance and cataleptic conditions and the feats possible to be performed in that state. The price of admission is within the reach of all, being only 25c, 50c and 75c.

"THE ELEVENTH HOUR"

On Saturday April 19, at the Brainerd Opera House for the first time in this city Lincoln J. Carter's scenic comedy drama "The Eleventh Hour," a play that is calculated to please everybody, a play that has more startling climaxes than anything the author has heretofore presented, will be seen. The first act shows a rural home in De Kalb County, Ill., the third act is a block tower on the Chicago and North Western Ry., near Chicago, the fourth is the famous Bismarck Beer Gardens of Chicago, a resort patronized by the elite of the city. The fifth, and last act is a reproduction from a photograph of one of the best known millionaire's mansions on Michigan avenue, showing a most gorgeous drawing room with all of its costly brie a brac, tapestry and hangings. Everything used in this scene is carried by the company and has been made in fac simile of the original.

The actual cost of the original of this scene was \$5000. The cast of this play is far superior to anything that Mr. Carter has ever sent out, comprising several of the best known actors and actresses in the profession, among whom we may mention Mr. Chas. A. (Karl) Gardner, the favorite German Dialect comedian and singer.

BEATY BROS. MOVING PICTURES.

Last night a fair audience greeted Beaty Bros. in their moving picture entertainment at the Brainerd Opera House and all seemed to enjoy the evening very much. The pictures are all new and up-to-date and it is a show that should be well patronized wherever it goes. The pictures of the scenes around Buffalo when McKinley made his memorable speech, the assassination later on and then following with the funeral train at Buffalo and Washington were very good. The pictures of Prince Henry's arrival at New York showed that the gentlemen were up-to-date sure enough.

There are many enthusiastic citizens in Brainerd prepared to tell their experience for the public good. Testimony from such a source is the best of evidence and will prove a "helping hand" to scores of readers. Read the following statement: Mrs. Moses Derocher, of 127, Seventh street south, says: "Low down in the small part of my back there was a pain very distressing, by spells becoming much worse and causing me discomfort, to say the least. My husband bought me a box of Doan's Kidney Pills at the nearest drug store and I started taking them. The medicines which I had used failed to help me, but I can truthfully bear witness that Doan's Kidney Pills relieved my backache entirely, and corrected a disorder of the kidneys which accompanied the backache."

MC EWEN THE GREAT.

The Great McEwen, one of the best known demonstrators of the science of psychology in the country, is to open an engagement at the Brainerd Opera House next Monday for five nights and will give to the people of this city enlightenment upon the much abused subject of hypnotism. The entertainments given by Mr. McEwen are not only laughable in the extreme, but interesting and instructive, as his short talks each evening upon the science in which he has made the most diligent researches, combined with the explanation of the phenomena during each demonstration, gives the audience a clear insight into the workings of these natural laws with which he operates, throwing aside all fiction and the erroneous but common belief of hypnotism "being a power of mind over mind" the "strongest" controlling the weaker, etc., and convincing the most skeptical that hypnotism is not only a possibility, but a means of great good to mankind, if but properly understood and applied. One of the features of his entertainments each evening is the tests accomplished with Newton Smith demonstrating the possibilities of suggestion in producing the trance and cataleptic conditions and the feats possible to be performed in that state. The price of admission is within the reach of all, being only 25c, 50c and 75c.

THE ELEVENTH HOUR

On Saturday April 19, at the Brainerd Opera House for the first time in this city Lincoln J. Carter's scenic comedy drama "The Eleventh Hour," a play that is calculated to please everybody, a play that has more startling climaxes than anything the author has heretofore presented, will be seen. The first act shows a rural home in De Kalb County, Ill., the third act is a block tower on the Chicago and North Western Ry., near Chicago, the fourth is the famous Bismarck Beer Gardens of Chicago, a resort patronized by the elite of the city. The fifth and last act is a reproduction from a photograph of one of the best known millionaire's mansions on Michigan avenue, showing a most gorgeous drawing room with all of its costly bric a brac, tapestry and hangings. Everything used in this scene is carried by the company and has been made in fac simile of the original.

The actual cost of the original of this scene was \$5000. The cost of this play is far superior to anything that Mr. Carter has ever sent out, comprising several of the best known actors and actresses in the profession, among whom we may mention Mr. Chas. A. (Karl) Gardner, the favorite German Dialect comedian and singer.

BEATY BROS. MOVING PICTURES.

Last night a fair audience greeted Beaty Bros. in their moving picture entertainment at the Brainerd Opera House and all seemed to enjoy the evening very much. The pictures are all new and up-to-date and it is a show that should be well patronized wherever it goes. The pictures of the scenes around Buffalo when McKinley made his memorable speech, the assassination later on and then following with the funeral train at Buffalo and Washington were very good. The pictures of Prince Henry's arrival at New York showed that the gentlemen were up-to-date sure enough.

It is an injustice to pass our \$10 suits. Mark's Shoe and Clothing House, 6th street south, opposite the post-office. 64-1w.

"A HELPING HAND"

Is Gladly Extended by a Brainerd Citizen.

There are many enthusiastic citizens in Brainerd prepared to tell their experience for the public good. Testimony from such a source is the best of evidence and will prove a "helping hand" to scores of readers. Read the following statement:

Mrs. Moses Derocher, of 127, Seventh street south, says: "Low down in the small part of my back there was a pain very distressing, by spells becoming much worse and causing me discomfort, to say the least. My husband bought me a box of Doan's Kidney Pills at the nearest drug store and I started taking them. The medicines which I had used failed to help me, but I can truthfully bear witness that Doan's Kidney Pills relieved my backache entirely, and corrected a disorder of the kidneys which accompanied the backache."

Sold for 50 cents a box, at the McFadden Drug Co., H. P. Dunn & Co., and all druggists. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S.

IS ANXIOUS FOR PEACE

BRITISH PUBLIC SEES SIGNS OF
IT IN SPECIAL CABINET
MEETING.

DENIED BY MR. BALFOUR

Conservative Leader in the House of
Commons Says Nothing Official Has
Been Received From South Africa.
Casualty List From Kitchener Shows
That Fighting With the Boers Con-
tinues.

London, April 12.—Summons have
been issued for a cabinet meeting.
This circumstance started a fresh crop
of rumors to the effect that the gov-
ernment had received dispatches from
Lord Kitchener on the subject of the
peace negotiations after Mr. Brod-
rick's statement in the house of com-
mons and belief in successful ter-
mination of the peace parley is gen-
eral.

Should the Boers taking part in the
conference decide in favor of opening
peace negotiations they will submit
their proposals to Lord Kitchener,
who has been instructed to forward
them immediately to the government.

The sudden calling of a cabinet
meeting and the fact that King Ed-
ward rather unexpectedly terminated
his cruise in order to return to Lon-
don convinces people that something
important is pending and has led to
the most extraordinary rumors. Among
other things it is reported that Mr.
Chamberlain, the colonial secretary,
has resigned. This is quite un-
true. Mr. Chamberlain was suffering
from a chill, but he expects to attend
the cabinet meeting.

Inquiries made at the war office by
the Associated Press elicited the state-
ment that that office knew nothing
about the rumors of peace or the al-
leged telegram from Lord Roberts to
Dover in which he is reported to have
said the war was over.

In the house of commons A. J. Bal-
four, the government leader, replying
to a question asked by Sir Henry
Campbell-Bannerman, the Liberal
leader, declared that the government
had no information concerning the
peace rumors and that there was no
foundation for them. Mr. Balfour's
denial was very emphatic. He said:
"We have no information at all, nor,
in the nature of things, could there be any."

That the fighting continues in South
Africa is shown by a casualty list
given out during the day, which con-
tains the names of a few of the killed
and wounded in engagements which
occurred at three separate points as
late as April 8 and 9.

Preparations here continue for the
dispatch of 20,000 additional troops
for the winter campaign. Lord Rob-
erts Thursday inspected the first draft
of the guards, which will sail for South
Africa next week.

Amsterdam, April 12.—Mr. Kruger
and those who surround him appear to
attach little credence to the reports
regarding the acceptance by the Boer
leaders of the British terms for peace
in South Africa.

A BATTLE EXPECTED.

Venezuelan General Is Marching on
the Revolutionists.

Willemstad, Island of Curacao, April
12.—News has reached here that gov-
ernment troops to the number of 1,500
under the command of General Velu-
tini, the minister of the interior, left
Pirutu, a small village on the seashore
near Barcelona, capital of the state of
Bermudez, to engage the revolutionists
under the command of General Mon-
agas, who are encamped 15 miles from
Pirutu. A battle is expected between
these forces during the day. If it is
won by the revolutionists the victory
will be a signal for a general upris-
ing.

The town of Carupano, also in the
state of Bermudez, still remains in
possession of the government. The
government general, Escalante, with
1,145 men, is at Carupano and it is be-
lieved he intends attacking the in-
surgent forces under Rolando, Penaloza
and Ducharme. It is estimated that
these latter have 1,350 men in a strong-
ly entrenched position at Los Altos,
one hour distant from Carupano.

It is also reported here from Caracas
that the government is continuously
recruiting for the army and that boys
of 18 years of age and under are being
forced into military service. Several
of the leading residents of Valencia
have been arrested.

SENTENCES REDUCED.

Partial Pardons Are Granted to Per-
sons in Cuban Prisons.

Havana, April 12.—An order grant-
ing partial pardons to all those who
are undergoing life or shorter sen-
tences has been published. The pardons
vary from one-quarter to one-
half of the penalties imposed. All per-
sons who are awaiting final decisions
by the court of appeals must withdraw
their appeals in order to benefit by
the order. This order also clears up
all doubt regarding pardon for of-
fenses committed in connection with
the war.

The order says that this step is
taken in order that an era of harmony
may be introduced into the new Cu-
ban republic.

Cleveland's Health Improved.

Princeton, N. J., April 12.—Mrs.
Grover Cleveland returned to Prince-
ton after spending two weeks with her
husband in Florida. She says Mr.
Cleveland's health has so much im-
proved since he went to Florida a fort-
night ago that he will remain there at
least another week or 10 days.

Boy Indicted for Murder.

Toledo, O., April 12.—Danny Rosen-
becker, aged 13, who killed his play-
mate, Arthur Shanteau, aged 7, has
been indicted for murder in the sec-
ond degree.

FOR GOOD OF THE SERVICE.

Resignation of Commissioner Powderly
Requested.

Washington, April 12.—Secretary to
the President Cortelyou has sent the
following letter to Secretary of the
Treasury Shaw:

"I am directed by the president to
say that after listening carefully to
all the charges and counter charges
affecting Messrs. Powderly, Fitchie
and McSweeney and without express-
ing any judgment upon these charges
or assuming their truth as to any or
all of the gentlemen concerned he has
decided that sufficient action exists for
the good of the service that a complete
change be made. In response for a
request for his resignation Mr. Powderly
has sent it. Mr. Fitchie's term has
expired and Mr. Williams has been
nominated to succeed him. Mr. Sar-
gent will replace Mr. Powderly, al-
though he will not be able to take
office for some weeks to come.

"The president requests me to re-
quest you to forward a copy of this
letter to Mr. McSweeney with a re-
quest for his resignation and to ap-
point Mr. Joseph McMurray in Mr.
McSweeney's place."

Double Track to New York.

Omaha, April 12.—The last rail in
the double track of the Chicago and
Northwestern railway between Omaha
and Chicago was laid during the day.
This last bit of construction was be-
tween Missouri Valley and Denison,
Ia. It gives the Vanderbilt interests a
double track between this city and
New York and completes the first line
of this kind between Omaha and Chi-
cago. All the ballasting is not com-
pleted, but trains will be running over
the new track in two weeks.

Will Arm Mohammedans.

London, April 12.—Cabling from
Constantinople, under date of Thurs-
day, April 10, the correspondent of
The Times says that after the meet-
ing of the council held April 9 the
porte sent telegraphic orders to the
governors of Salonica and Monastir
directing them to furnish all Moham-
medan residents with weapons for
self-defense against Bulgarian bands.

Manchester Settles With Creditors.

London, April 12.—In the bankrupt-
cy court the registrar decided, in spite
of "rash speculation and extravagance
in living," that he would annul the
bankruptcy of the Duke of Manches-
ter, an arrangement having been made
by which the sum of £116,000 is pro-
vided, giving the creditors 12s 6d in
the pound sterling.

Sheriff's Murderer Shot to Pieces.

Natchitoches, La., April 12.—An
unknown negro who shot and killed
Deputy Sheriff J. B. Thomas near Vic-
toria, La., was captured by a mob of
50 men and shot to pieces. Deputy
Thomas was killed while he was at-
tempting to arrest the negro, who had
shot and wounded another negro.

Badgers Buy Oregon Timber.

San Francisco, April 12.—A Wiscon-
sin syndicate has purchased 20,000
acres of redwood timber land in South-
east Oregon. The land was sold by
Isaac Minor for nearly \$1,000,000. The
land sold includes the harbor of
Cheeto.

American Meat Is Scarce.

London, April 12.—Telegrams re-
ceived here from Birmingham say the
scarcity of American meat and the
consequent increase in the price have
obliged many retailers there to close
their stores.

TELEGRAPHIC BREVITIES.

The steamer Mechanician has
cleared from New Orleans for Cape
Town with 1,100 horses.

Eugene F. Ware of Kansas has been
named to succeed H. Clay Evans as
commissioner of pensions.

All except the best of the horses be-
longing to the American cavalry regiments
in Cuba are being sold at auc-
tion.
